

# Public Meeting

## SPECO—Kelsey Hayes Redevelopment

**The City of Springfield is applying for a Grant to the State Clean Ohio Assistance Fund to help with the demolition and cleanup at the former SPECO—Kelsey Hayes Manufacturing Facility located on Columbia Avenue.**

The West End Neighborhood Association has worked with the City to redevelop this site for some years. Just last month, US EPA granted funding to the City to help with this project; however, additional funds are needed.

**A public meeting will be held at 6:30 PM on July 13, 2004 in the City Commission Forum at 76 East High Street. You are encouraged to attend and share your support for this important redevelopment project.**

If you are unable to attend the meeting, but would like to share your thoughts and support, please send a letter or note to Shannon Meadows at City Hall by noon on July 13.

Please contact Shannon Meadows, in the City Manager's Office, if you have questions about the project or the public meeting.
